

# Ocean Hills Dentistry's Free Whitening for Life Program

## A Gift to our Valued Guests

We feel that every guest in our practice should have a healthy and bright smile. Our Whitening for Life program will provide you prefilled, disposable whitening trays (no impressions or gel syringes necessary!) at no cost. Then, at each six-month preventative visit, we will give you a complimentary set of trays. This helps in keeping your dentition bright and beautiful for life! (Please see details below)

Whitening for Life is a courtesy and privilege compliments of Ocean Hills Dentistry. This program is extended to guests who have proven themselves as individuals who take their oral hygiene and general dental health seriously. We strongly believe it is crucial to maintain recommended hygiene care appointments and receive necessary dental treatment to maintain a healthy and beautiful smile. In fact, guests who maintain regular hygiene appointments and receive recommended treatment invest less time and finances on dental care (on average) than those who only see the dentist when a problem exists. All too often, people who wait until there is a problem have irreversible damage to their teeth and gums. We pride ourselves in knowing that our guests are maintaining the best possible oral health.

Whitening for Life was developed as a free gift for those guests who are already taking their dental health seriously and as an incentive for those who need a little help keeping up with their dental care. Guests will receive professional prefilled, disposable whitening trays for personal use. While this privilege is absolutely free for our valued guests, it is important to note that the below policies be followed (please read carefully):

- 1) Must be at least 18 years of age or older.
- 2) Must complete Comprehensive Examination, X-rays, professional cleaning and re-appoint for re-care.
- 3) Must comply with minimum required dental care as treatment planned and recommended by Dr. Allameh's Ocean Hills Dentistry.
- 4) After all necessary dental treatment has been completed, our valued guest will receive two prefilled, disposable whitening trays.
- 5) A prefilled, disposable whitening tray will be rewarded at each re-care appointment, in return, we request you do the following: a) maintain minimum continued care as recommended by Dr. Allameh and Ocean Hills Dentistry; b) maintain your continued hygiene care of six, four or three month appointments and c) you have a zero balance.
- 6) Any additional trays or in office whitening treatment is provided to you based on our office fee.

*\*It is recommended that you use a sensitivity toothpaste (Sensodyne Mint is preferred) for at least two weeks prior to any whitening treatment.*

Disclaimer: Ocean Hills Dentistry, Dr. Allameh and team have the right to refuse offer if deemed necessary based on guests health conditions misuse, abuse or any other factor deemed necessary to void offer. Minimum health of gingiva and dentition are required to receive professional whitening. Those that have active untreated gum disease, caries, root sensitivity or oral pathology may not participate in this program until oral conditions stabilize. We reserve the right to discontinue your enrollment in the Whitening for Life program at any time if deemed necessary and for any reason.
